Kathleen,

I removed the freezer for \$16,000.00. We no longer need it. I've added one reader and two strip washers to the chart. Thanks.

Arthur

Subject: Draft FY2007 equipment list

We're trying to develop a draft equipment list to place on the FY 2007 State Lab account budget (4516-1000). I've compiled items that weren't bought from various FY2006 equipment lists. Review, update, add, delete items for your areas (item, estimated cost, and justification). Unfortunately since time is very short, please return your replies by close of business June 20 (Tuesday). Thanks.....kathy
